POST-EXCAVATION ANALYSES**

**JUNE 28<sup>TH</sup> - AUGUST 2<sup>ND</sup>, 2020  
CLUJ NAPOCA, ROMANIA**

Transylvania Bioarchaeology is  
a registered, non-profit  
educational organisation.

Academic credit is available at no  
additional cost with approval from the  
home institution.

ALL PARTICIPANTS ARE INDIVIDUALLY TRAINED IN:

## EXCAVATION

- Field Archaeology Basics
- Excavation Ethics
- Skeletal ID & Excavation
- Site Drawing
- Environmental Sampling
- Photography
- Site and Finds Recording
- Identifying Grave Cuts
- Site Surveying

&

## LAB ANALYSIS

- Human Osteology
- Skeletal Recording
- Ageing & Sexing Human Remains
- Human Variation
- Palaeopathology & Trauma
- Biomolecular Methods
- Bioarchaeological Theory
- And more!

The field school also *includes* an incredible, one-of-a-kind 5 day field trip through Transylvania exploring the beautiful Transylvanian countryside, archaeological sites, cities, medieval churches, glacial lakes in the Carpathian Mountains, the bear sanctuary, and of course trips to Dracula's real castle and birthplace!
