MARZUOLO ARCHAEOLOGICAL PROJECT (MAP)

JUNE 17th – JULY 14th, 2018  CINIGIANO (GR), ITALY

MAP seeks qualified students to participate in its second excavation season at the site of Podere Marzuolo (Tuscany, Italy) where evidence of Roman period ceramic production (1st c BCE/CE) provides a unique opportunity to investigate technical innovation ‘in action’, challenging traditional approaches to the ancient rural economy.

Students will receive a comprehensive field experience, including hands-on training in cutting-edge excavation strategies and techniques, spatial data recording and analysis, photogrammetry, artifact processing and conservation, soil sampling for paleo-botanical materials, and ceramic analysis.

PROGRAM FEE: $2,000 for 4 weeks
