Saturday, September 5: Makapansgat Valley

This morning archaeozoologist Brian Kuhn of the University of the Witwatersrand joins us by special arrangement (schedule permitting) to explore the picturesque and historic Makapansgat Valley. This area of dolomite cliffs dotted with caves is another of the "Fossil Hominid Sites of South Africa" recognized together as the Cradle of Humankind UNESCO World Heritage site. The Valley's Limeworks cave was particularly rich, yielding the remains of about 40 *Australopithecus africanus* individuals. Findings there led to speculation about an early "osteodontokeratic" (bone, tooth, and horn) culture. In the early afternoon we will stop for an independent lunch, and then return to our resort in Polokwane for the balance of the day at leisure. (B)

Sunday, September 6: AM at leisure | Johannesburg

After a morning at leisure to enjoy our resort, we depart for Johannesburg. Time-permitting, we may stop along the way in Pretoria, South Africa's administrative and executive capital, with its wide, jacaranda tree-lined avenues. We continue on to our hotel in Sandton, in the northern suburbs of Johannesburg. *Overnight at the 5-star [Sandton Sun](#).* (B,L)

Sandwiched between the slopes of iconic Table Mountain and the sapphire waters of Table Bay, the exceptionally scenic city is in a class of its own. Upon arrival we check-in to our hotel, located just outside the Victoria & Alfred Waterfront area. Gather this evening for a tapas dinner and wine tasting. *Overnight at the 4-star [Southern Sun the Cullinan](#) for four nights.* (B,D)

Continue to the Iziko South African Museum for a special behind-the-scenes tour (schedule permitting) of its extensive natural and early human history collections. After a typical Cape Malay lunch, followed by a walking tour along the cobblestone streets of Bo-Kaap (Malay Quarter), one of the city's oldest residential areas, we drive to magnificent Table Mountain. Ascend to the top by revolving cable car and marvel at a bird's-eye view of Cape Town and its beaches. Descend by cable car and, time permitting, re-join our motorcoach for a drive around Table Bay to Milnerton, a coastal suburb. Return to our hotel for an evening at leisure. (B,L)

Wednesday, September 9: Cape Winelands: Wine tasting, Boschendal Wine Estate | Cape Town

Discover the spectacular valleys and mountains of the Cape Winelands, the center of South Africa's award-winning wine industry. Enjoy a wine tasting at Vergenoeg Wine Estate, followed by lunch at Die Werf Restaurant, located at the impressive Boschendal Wine Estate with its exceptionally well-maintained gardens and Manor House. See the site of Langebaanweg that preserves fossils from some five million years ago, among them African bear, saber-toothed cat, and short-necked giraffe. Excavations have exposed more than 260 square feet of the fossil bone bed for viewing by visitors. Return to Cape Town after lunch. The balance of the day is at leisure. (B,L)

Friday, September 11: Blombos Museum of Archaeology | Mossel Bay

Depart the hotel this morning after breakfast, and take a scenic, 4.5-hour drive to Mossel Bay along the Garden Route and coastal highway. Stop to visit the small but significant Blombos Museum of Archaeology, dedicated to presenting the prehistory of the area and specifically the findings from Blombos Cave, inhabited by early modern humans between 100,000 and 70,000 years ago. Curator Chris Heese (schedule permitting) will guide us through the displays, which provide context for the symbolic objects (the world's earliest) and ochre-processing "workshop" for which the cave is renowned. Return to our hotel in Mossel Bay and, after an independent lunch, visit the nearby Dias Museum. After a morning at leisure we transfer to George Airport (GRJ) for a group flight to Johannesburg's O.R. Tambo International Airport (JNB). Connect with independent homeward flights. (B)

What to Expect

This program involves some walking on uneven terrain and up and down stairs that may be steep and without handrails. Expect bumpy road terrain during the wildlife safari. **Visits to the caves and other sites necessitate walking quickly and climbing unassisted, without handrails, sometimes over steep or slippery terrain and in dark or dimly lit spaces.** All participants are expected to be physically active and not be an impediment to others on excursions, to enjoy traveling as part of a group, and to be ready to experience cultural differences. Participants who are not able to walk unassisted for extended periods are kindly advised not to join this tour. If you have any questions about your ability to participate, we suggest that you visit your personal physician with this brochure in hand, and discuss whether or not the program is appropriate for you. If the tour manager decides that a participant cannot visit a site safely or in a timely manner, their judgment will be final. Where possible, an alternate activity may be suggested; additional costs may apply. Weather in South Africa is generally pleasant in September, as it will be early spring in the Southern Hemisphere. Cape Town and Johannesburg will remain crisp and cool in the early mornings and evenings, and will be pleasant during the day (65°-75°F). Cape Town tends to be wetter, so expect a few showers. Weather during the safari is also chillier in the early mornings and evenings, and pleasant during the day. Cave temperatures average 60°-65°F, and humidity levels reach 95%. Please note that no photography is allowed inside the caves. *Complete pre-departure details and what to pack will be sent to participants.*

"The early man sites and museums were the main reason I came, and the experience exceeded all expectations. I had no expectations about the animal drives and was completely delighted and thrilled by every aspect. Accommodations were spectacular, especially Kapama." - Joyce, California
