

Resolution on the Presentation of Undocumented Antiquities at the AIA Annual Meeting

All presentations made at the Annual Meeting must conform to the *Resolution on the Importation of Antiquities* (1970) and the *Resolution on the Acquisition of Antiquities by Museums* (1973). The Program for the Annual Meeting Committee will reject any submission that it determines to be in violation of any of these documents.

Submitters/presenters should note, specifically, the Annual Meeting may not serve for the announcement or initial scholarly publication of any object in a public or private collection acquired after December 30, 1973, unless its existence can be documented prior to that date, or it was legally exported from the country of origin. An exception may be made by the Program for the Annual Meeting Committee if the presentation emphasizes the loss of archaeological context.

Adopted by a vote on Council on December 30, 1973.
