About Us

With 26 years of expertise in restoration and conservation, AICS provides an immersive learning experience in Italy's rich cultural landscape. Our international faculty brings diverse expertise and real-world experience to every program.

Our Mission

Immerse Yourself in Italy's Cultural Legacy:
Join our Conservation and Restoration
Hands-on Field School

Our Vision

We keep history alive by empowering passionate individuals to protect & preserve cultural treasures for future generations.

Unique Learning Opportunities

- Hands-on experience at Amelia's Historic Archives
- Conservation projects at the Archaeological Museum
- Access to the Town Hall's Lapidarium
- Wall Paintings restoration work at the cloister of the 13th-century San Francesco church where we uncovered frescoes and wall paintings
- Archaeological projects with materials from the Colosseum
- Practical training in historical building analysis

Expert Faculty

Our distinguished faculty combines academic excellence with extensive field experience, providing mentorship and guidance throughout your learning journey.

Student Success

Our participants are shaping the future of cultural heritage preservation across the globe through innovative conservation techniques and dedicated restoration work.
