

## HELLENIC STUDIES SUMMER SCHOOL (HSSS)

**The Institute of Hellenic Culture and the Liberal Arts  
and The School of Liberal Arts and Science**

**The American College of Greece**

SUMMER SESSION 2022

Residence move-in days\*\* May 15, 16 or 17, 2022 | Residence move-out day June 18, 2022

The Hellenic Studies Summer School (HSSS) is an intensive and diverse academic program that engages college students from all over the world in a critical exploration of Hellenic culture from ancient to modern times.

Choosing from courses in literature, language, history, art, philosophy, architecture and dance, students explore connections between Greece's past and present, as well as the significance of Hellenic culture in the world today. The program integrates coursework with active, experiential learning to foster cultural immersion and critical thinking. In-the-field instruction, cultural activities, and field trips complement the curriculum and provide students a "hands-on" experience.

Students may attend this fully-accredited (NECHE) program independently or as part of a study abroad program organized in concert with an ACG partner institution. HSSS students will take two 3-credit courses, reside in ACG's apartment-style residences, and visit significant historical and cultural sites on weekend and evening excursions.

### **HSSS STUDENTS WILL:**

- Develop a sense of how cultural, historical, and political events of the past have translated into Greece of the modern era and the contemporary western tradition (and beyond)
- Trace the development of Greek history and culture across traditionally drawn boundaries
- Gain a better appreciation of Greece and its people
- Learn experientially through study-related travel and on-site teaching
- Immerse themselves in language and culture
- Function successfully in a different speech/culture community thereby developing empathy and a heightened knowledge of effective approaches to intercultural communication
- Develop a heightened appreciation of the importance of individual and social responsibility as well as personal and civic values.

\*\*NOTE: Residence move-in days are subject to change based on Government regulations related to COVID-19.

## Exceptional campus and facilities

The Aghia Paraskevi campus, situated on the western slopes of Mt. Hymettus, ten kilometers from the center of Athens, offers a magnificent view of the surrounding countryside in a park-like setting. Many kilometers of wooded mountain trails are easily accessible by foot from campus.

**For over 146 years**, ACG has demonstrated a legacy of academic excellence. Our Athens location allows students to study in a living laboratory that bridges the ancient and contemporary realities of Greece while receiving credit through a leading U.S. accrediting body (NECHE).

### HOUSING

The American College of Greece operates a modern Residence Complex just a short walk from campus. Students housed in ACG apartments live in a safe, clean, residential environment in a quiet neighborhood with nearby grocery stores, cafés, restaurants, and shopping centers. Our Residence Complex features fully furnished studio, single and double bedrooms in shared apartments as well as laundry facilities and 24/7 residence assistance.

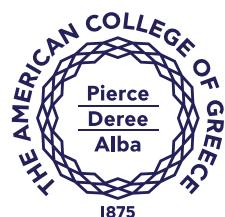

### CAMPUS FEATURES INCLUDE:

- Academic buildings with smart classrooms, computer and science laboratories, fine art studios and exhibition areas, the Pierce Theater and a black box theatre.
- A spacious, modern library designed to hold 250,000 volumes.
- Athletic facilities including a gymnasium, state-of-the-art fitness center, outdoor swimming pool, tennis courts, running track and soccer field.
- The Student Success Center featuring a “one stop shop” for advising, registration, student affairs and cashier services.
- The ACG Art Gallery and a large collection of outdoor statuary.
- An open-air Greek theater with breathtaking views of Athens.
- A student center with dining facilities – including Dipnosofistirion (a high-quality Greek dining chain that has also been certified as a 'Gold Class' organic kitchen) and Starbucks – as well as student organization offices.
- A Byzantine chapel.
- Wireless and wired internet access.
