

MICHIGAN TECH ARCHAEOLOGY

Field School 2024

**EXPLORE ANCIENT & HISTORIC MINING
ARCHAEOLOGY IN MICHIGAN'S COPPER COUNTRY**

JUNE 24 - AUGUST 9, 2024

Experience Field Archaeology

Learn all the key skills of the field archaeologist at a 19th century copper mine and ancient copper mining site. You will learn: survey, mapping, excavation, digital documentation, public outreach, and more!

Explore the Keweenaw Peninsula

The field school will also tour additional historical and archaeological sites in the Keweenaw Peninsula of Upper Michigan's 'Copper Country,' with plenty of off-hours outdoor recreation opportunities!

Earn Summer Credits

Earn up to 9 credits through the two included undergraduate courses: Archaeology Field Methods and Public Archaeology
Graduate Student credits are also available
