

# Wyoming's First Peoples

2021 University of Wyoming  
Archaeological Field School

June 14 to July 21, 2021

Learn field methods that will prepare you for a career in archaeology as you work on three historic and prehistoric projects across the beautiful state of Wyoming.

This year's field school will include a 13,000 year old Clovis mammoth kill and campsite near Douglas, a historic coal mining town in Carbon County, and prehistoric hunting and historic home-steading associated with springs in the Laramie Valley.

## Session 1: Red Buttes

June 14 to June 23

## Session 2: Carbon City

June 28 to July 7

## Session 3: La Prele Mammoth site

July 12 to July 21

## Instructors

Alexandra Kelly (akelly13@uwyo.edu)

Jason Toohey (jtoohey2@uwyo.edu)

Todd Surovell (surovell@uwyo.edu)
